Geagte Pasiënt

Graag verwelkom ons u as pasiënt van Brink Narkotiseurs.

Brink Narkotiseurs bestaan reeds vir meer as 30 jaar end ons bou trots voort op ons tradisie van veilige persoonlike narkosediens.

Ons vennote is almal spesialiste en met aanhoudende vernuwing en aandag aan voorgesette professionele onderrig handhaaf ons die balans tussen ondervinding en die nuutste kennis.

U sal pre-operatief gevra word om 'n groen nakosevorm in te vul met besonderhede van u gesondheidstoestand, adres en kontakbesonderhede. Hierdie dokument vorm die basis van u voornarkose risikobepaling en vir u eie veiligheid is dit belangrik om dit so volledig moontlik in te vul. U sal ook pre-operatief gesien word deur een van ons vennote of assosiate en ge-evalueer word. Gebruik asb die tyd om enige vrae wat u het te vra en ook enige navrae oor tariewe op te klaar.

Die kompetisie raad verbied reeds sedert 2003 die vasstel van professionele fooie deur die Mediese Vereniging van Suid Afrika en sedert 2010 bestaan daar geen eenvormige mediesefonds tarief of NRPL (National Reference Price List) nie. Om ons in staat te stel om die vlak van professionele diens te lewer wat ons pasiënte verdien, bereken Brink Narkotiseurs fooie teenoor die koste om die narkosediens te verskaf en dit is vergelykbaar met en gebalanseerd teen die koste van ander professionele dienste. Die narkotiseur se fooie is tyd gebaseerd en enige kwotasie deur Brink Narkotiseurs aanvaar die gemiddelde chirurgiese tyd en gemiddelde moeilikheidsgraad. Ons fooi is 2 tot 3 keer hoër as die minimum fooie wat sommige mediese fondse betaal terwyl ander fondse ons fooie wel tenvolde dek. Elke pasiënt kies sy eie mediesefondsplan en dus vlak van dekking en daarom is elke pasiënt persoonlik verantwoordelik vir die vereffening van sy rekening. In uitsonderlike gevalle kan afslag vir vroeë betaling aangebied word.

Ons wil u weereens verseker van die hoogste gehalte professionele diens en u 'n spoedige herstel toewens!

Brink Vernnote en Personeel

Dear Patient

We would like to welcome yours a patient of Brink Anaesthetists Inc.

Brink Anaesthesiologists have been in existence since 1973 and we are proud of the strong tradition of safe personal service that we have built up over the years. As specialists, all of our partners are dedicated to being up to date on the latest advances in our field, and our firm has always kept a healthy balance between experience and youth.

During admission to hospital before your operation, you will be required to complete a green anaesthesia form. This is an important document as it provides your anaesthesiologist with details of your medical condition in order to provide you with a safe service.

Prior to your surgery, you will be reviewed by one of the partners or assistants from Brink Anaesthesiologists. Please take the opportunity to discuss any concerns you may have about the anaesthesia as well as any questions about fees and tariffs.

To enable us to provide the quality service our patients deserve Brink Anaesthesiologists anaesthetic fees are based on the cost of delivering the service and benchmarked to other professional services. The anaesthesiologist will bill a time-based rate, and any quote assumes an average surgical time and an average complexity.

Since 2010 there is no longer a uniform medical aid rate or RPL (Reference Price List) tariff. Based on your monthly contributions, your medical scheme might only offer limited benefits which could be less than half the rate we charge. Some medical aids will however cover our rates in full. You are therefore advised to check what benefits your medical scheme will pay out, as you remain personally responsible for the account. In selected cases where the medical aid doesn't cover our tariffs, a discount for early payment may be offered. Check your account statement for discount details.

We would like to assure you of our commitment to the highest quality healthcare and service. We would also like to take this opportunity to wish you a speedy recovery.
