**Dr M Noeth**  
MBChB/Mmed (Int)  
Practice no. 0261920  
MP 0533025

**2015**

Dear Patient,

**Cost Physician consultation**

In order to ensure that your operation risk is kept as low as possible, we use a team approach. Apart from the Surgeon you will also be seen by a Specialist Physician for a pre-operative risk assessment and he will also assist in your post operative care.

You will initially be assessed at the Practice and it is expected of the patient to pay the bill and then claim back from the medical aid. The expected cost can vary and an estimate is provided below. In case of queries, please contact Marie or Theresa at the practice. (012 460 1160)

Geagte Pasiënt,

**Koste van Internis konsultasie**

Om u operatiewe risiko so laag moontlik te hou, gebruik ons 'n spanbenadering. Buiten die Chirurg word u ook deur een van die bogenoemde Interniste gesien vir operatiewe risiko bepaling en hy is ook betrokke by u post operatiewe sorg.

U sal aanvanklik by hul Praktyk gesien word en hul versoek dat u self sal betaal en dan die koste van u mediese fonds verhaal. Die koste wissel maar ons heg 'n aanduiding onder aan. Indien u enige navrae het, skakel asseblief Marie of Theresa by die praktyk. (012 460 1160)

**Basiese ondersoek met long toetsing:**

**± R2200.00**

**Basic examination with lung investigation:**

**Basiese ondersoek met hart toetsing:**

**± R3200.00**

**Basic examination with heart investigation:**

Met dank/ With appreciation
